Note: Marks made at the Amelia & Lockland facilities during the years 1993-2005 were made with a downward sloping landing zone and materially increased the distance of the puts by at least several inches. As it is impossible to ascertain the exact increase in distance due to the sloping field, the marks have been denoted with an "s" after the mark to indicate the downward sloping field.

Key: MR = Meet Record;

Metric Measurements shown with "+" sign are the nearest lower metric mark per I.A.A.F. tables.

s = landing area sloped downward.

* = Race was reported as 4x800 meters in local newspapers. However, the distance was the longer 4x880 yards race. The time shown represents the time reported in local newspapers.

1 - In 1980, OHSAA implemented the switch from yards to all metric events at the state meet. However, the conversion process at both the regional and district levels took varying amounts of time. For the years 1980-87, the Cincinnati AA meets were conducted at the 440 yard facility at Reading Veterans' Stadium. Meet programs from that era list all the running events being in yards except for the following: 100M, 100M Hurdles, and 300M Hurdles. All other running events were in yards during that era, despite the fact that results were sometimes reported as metric distances in local papers.
