* = Race was reported as 4x800 meters in local newspapers. However, the distance was the longer 4x880 yard race. The time shown represents the time reported in local newspapers.
 1 - In 1980, OHSAA implemented the change from yards to all metric events at the state meet. However, the conversion process at both the regional and district levels took varying amounts of time. For the years 1980-87, the Cincinnati A meets were conducted at the 440 yard facility at Reading Veteran's Stadium. Meet programs from that era list all the running events being in yards except for the following: 100M, 110M Hurdles, and 300M Hurdles. All other running events were in yards during that era, despite the fact that results were sometimes reported as metric distances in local papers.
